Working Capital Management

Tran Quoc Viet
Manager
Working Capital Management

Content

In today's unprecedented world, cash and working capital are fundamentals that organisations should leverage as means to reshape their business for growth.

In this inaugural talk, PwC Vietnam will share some best practices that Vietnamese companies have embarked on to sustain cash flows and operations while enhancing their liquidity position.

Discussion point

- Early warning indicators for businesses to identify financial stress
- Areas of concern faced by local businesses
- Case studies on how some local companies plan to future-proof their businesses
- Areas in which to optimise and safeguard your company's future
